

VIP Preparation

PREPARING YOUR ITEMS FOR VIP DROP OFF

1. Start off by pre-selecting your items for the sale: If you would not buy it for yourself, we don't recommend trying to sell it.

- Inspect clothing and shoes for stains, excessive-wear and tear, fading, etc.
- Please review your items carefully, as less than excellent items will not be accepted.
- Discard items that are in less than excellent condition.
- Be selective. You want to bring the crème of the crème to the sale. Your consignor check will certainly reflect the quality (and price) of the items you bring.

2. Repeat step 1 with handbags and accessories.

- Make sure every item you bring in is perfect condition, without any missing pieces, buttons or broken zippers
- Shoes and handbags must be pristine. We recommend using leather or Clorox wipes to clean them off.

3. Pricing

You have the option of pricing your items. Please provide a detailed price list at the time of your drop off appointment.

If Poshsicle will be pricing your items, you will be able to review item prices prior to us printing your tags.

4. Drop Off

Bring all of your items to your drop off appointment. We will sort through your inventory with you during the drop off, or at a later time, if you prefer. You will receive a detailed inventory report once we complete the tagging process. **If you plan to discount and/or donate your unsold items, let us know at this time.**

5. Pick Up

Items not picked up by the designated pick up time will be donated to the non-profit organization partnering with Poshsicle. Please refer to the website for pick up date and times.

Any questions, please remember, we're only an email or phone call away 954.401.3747
